GRIT & GRACE ANGUS

JOINT PRODUCTION SALE

Welcome to the Grit & Grace Angus Joint Production Sale

We want to start by saying thank you to our friends, neighbors, family, and customers who have supported us over the years. Your trust and encouragement make it possible for us to continue building our programs that we are proud of and raising cattle that work in our environment. We also want to thank God for the blessings this past year and for the opportunities in this exciting cattle market we are in.

We believe the cow is key. Without the female that meets our standards starting with a feminine head, solid feet, strong udder, and a good disposition, it's very difficult to produce the kind of bulls we strive for. Our hope is that these bulls in this sale go on to produce the kind of females that keep our commercial customers in business for many years to come. Each bull has been selected not only for his individual performance but also for his ability to sire functional, productive offspring that fit in our customers ranching operations. These are bulls built to work on the range, thrive in our environment, and add real value to a herd over the long term.

Our programs focus on cattle that are built to fit our operation and the environment they are raised in. We prioritize fertility, soundness, and durability, as well as cattle that thrive and perform with limited inputs. The goal is to produce cattle that are practical, reliable, and productive for cattlemen in our region. We appreciate your interest and support and hope you can join us on Friday, February 20, 2026, at Bowman Livestock Marketing in Bowman, North Dakota. Lunch will be served at noon, and the sale will begin at 1:00 p.m. Feel free to contact us if you have any questions about the offering! See you sale day!

Sincerely,

Spring Angus & Duckwitz Angus Ranch

Kelly, Torey,
Oakley, Calgary, and Rogue

This young January born herdsire prospect has been a great source of enjoyment and surely has become a crowd favorite at DAR! The 18516 cow has proven to be nothing short of impressive. She weaned off DAR Pile Driver 501 at 900 pounds on September 28th and is bred back to calve in March after some extensive ET work last spring. We are very excited about the future for both 501 and 18516 as she transitions into a foundation female here at DAR and prepares to take on donor status.

REPLACEMENT HEIFERS LOT 1H

Marlin and June Rambousek
Dickinson, ND | Phone: (701) 260-5622

Selling 75 head of replacement heifers

Marlin and June Rambousek were awarded as the 2022 North Dakota Angus Association Commercial Breeder of The Year. As longtime Duckwitz Angus Ranch customers, they have been consistently purchasing high-quality bulls every year for over a decade. This is a unique opportunity to acquire an outstanding set of front-end replacement females from one of the most productive and maternally-focused commercial cow herds in the region. There is ABSOLUTELY NO heifers held back. These heifers are primarily April born calves and were weaned on November 3rd with the steer mates weighing 680 lbs. They have been weaned without creep and developed on a high roughage ration to promote longevity. These heifers are expected to weigh approximately 775 lbs sale day.
